PAPILUMO / 2nd grade

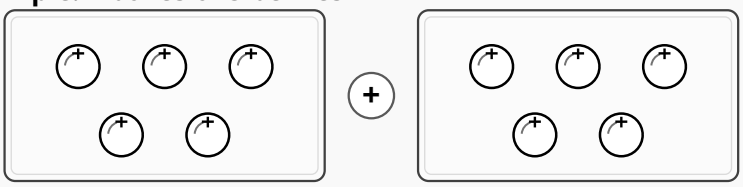

The 5 times table with Sacha

Count the boxes of 5 berries, then complete the multiplication facts.

Sacha the squirrel packs a snack: exactly 5 berries in every box!

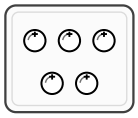

Example: 2 boxes of 5 berries

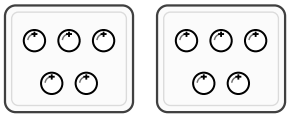

Every box holds exactly 5 berries.

5 + 5 = 10 → **2 × 5 = 10**

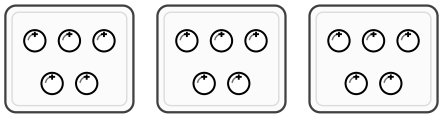

1. Look at the boxes and multiply.

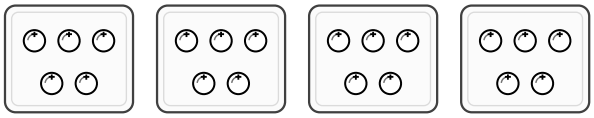

1 × 5 = ☐

2 × 5 = ☐

3 × 5 = ☐

4 × 5 = ☐

2. Work out Sacha's orders.

9 × 5 = ☐	6 × 5 = ☐	11 × 5 = ☐	0 × 5 = ☐
8 × 5 = ☐	5 × 5 = ☐	12 × 5 = ☐	7 × 5 = ☐

3. How many boxes are needed?

1. ☐ × 5 = 25 

2. ☐ × 5 = 50 

The first number counts the boxes. The second tells us there are 5 berries in each box.
