Number Chart 1–20

Use the 1–20 chart to complete the three lily-pad paths and solve all six mystery-number clues.

Felix the flamingo arranges 20 lily pads on the pond in two neat rows of 10. Help him fill in every missing number!

Example: right below 3 (+10) sits 13; right after 10 comes 11.

3 → +10 → 13 | 10 → 11 | 1 → 10 → 11 → 20

1. Study the complete 1–20 number chart

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20

Row 1: 1 to 10 • Row 2: 11 to 20 (+10 below)

2. Fill in the missing numbers on the three paths

A: 8 → ___ → 10 → ___ → ___

B: 13 → ___ → ___ → 16 → ___

C: ___ → 17 → ___ → ___ → 20

3. Use the chart to solve the six mystery numbers

1. **Right below 2 (+10)** ___
2. **Right below 7 (+10)** ___
3. **Right after 10** ___
4. **Between 13 and 15** ___
5. **Right before 20** ___
