Trace Snail Spirals & Garden Bridges

Start at each big black dot, follow the directional arrow, and smoothly trace all 3 snail spirals and 4 wide arched bridges.

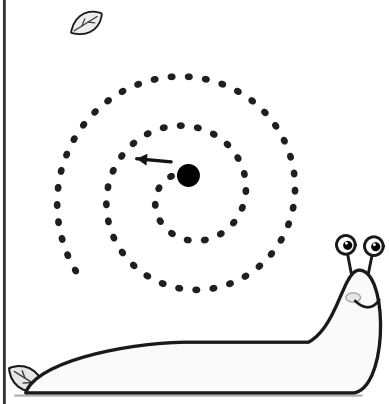

Lulu the garden snail is exploring! Place your crayon on each big black dot and follow the arrow around the spirals and over the bridges.

Worked example: trace smoothly from the dot in one continuous line

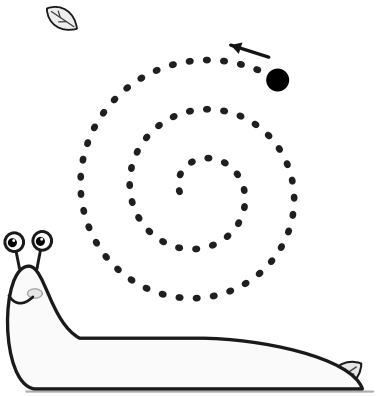

1. Trace the 3 large snail spirals (in-to-out and out-to-in) around each friendly snail

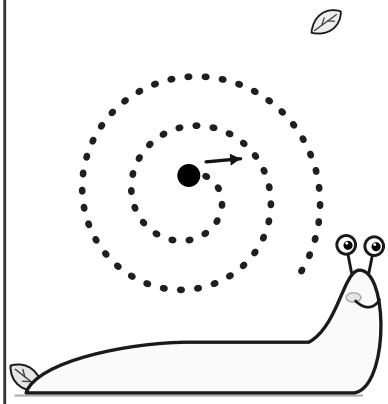

1 **Inside to outside**

2 **Outside to inside**

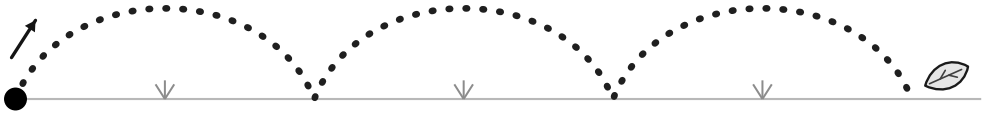

3 **Big garden spiral**

2. Trace the 4 wide hill bridges and hopping frog arches from left to right

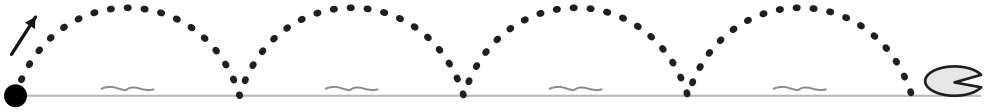

A **Wide hill bridges**

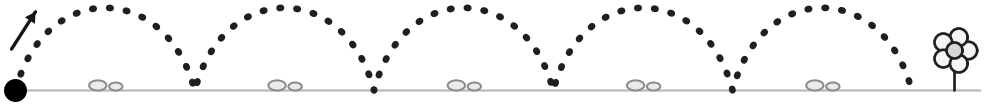

B **Hopping frog arches**

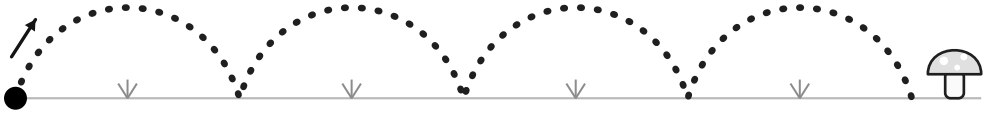

C **Rhythm flower hops**

D **Mushroom hill bridges**

Lulu’s tip: relax your wrist as you coil smoothly around each shell, then bounce smoothly over every arch from left to right!
