PAPILUMO / Pre-K (ages 4–5)

Shape-Framed Mazes: Leaf, Apple & Star

Start at each bold black dot and draw one continuous line down the middle of the white path to the goal.

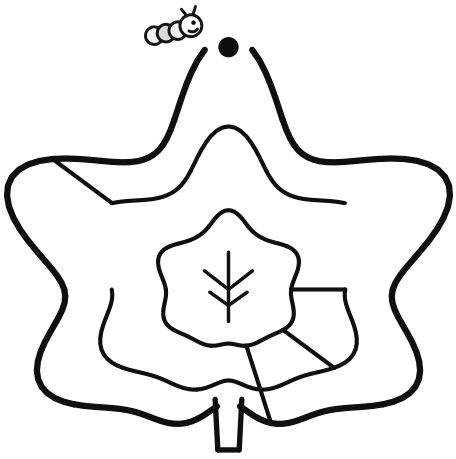

Milo the Explorer Hedgehog grabs his magnifying glass! Guide the caterpillar, hungry worm, and firefly through three playful shape mazes.

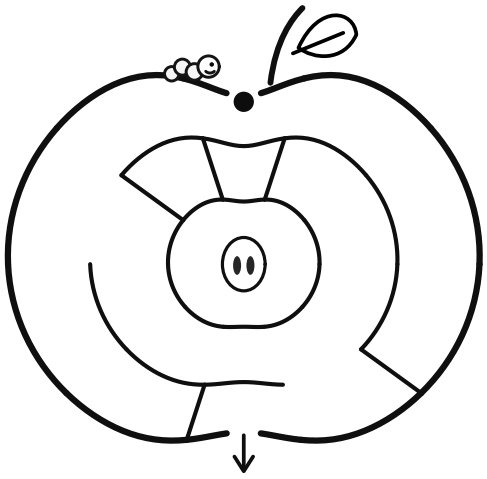

Worked example: dot to star

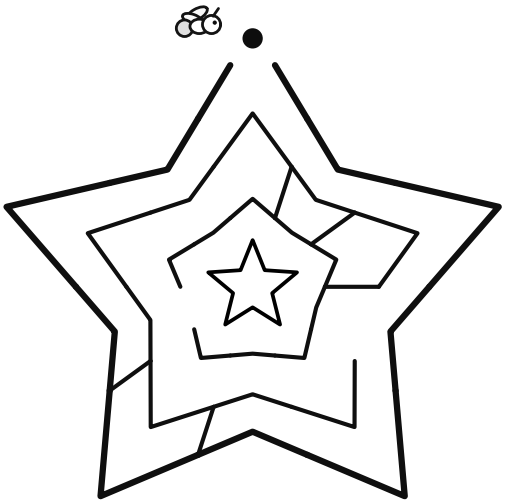

1. Maple Leaf: caterpillar to stem

2. Big Apple: hungry worm to exit

3. Five-Pointed Star: firefly to center prize

Milo's tip: scan ahead with your finger to spot the 2 or 3 closed dead ends before your pencil enters a turn!
