Mirror Letters b / d and p / q: Spot, Sort & Write

Circle b or p and draw a box around d or q on the lily pads, then trace all 4 letters and complete each word.

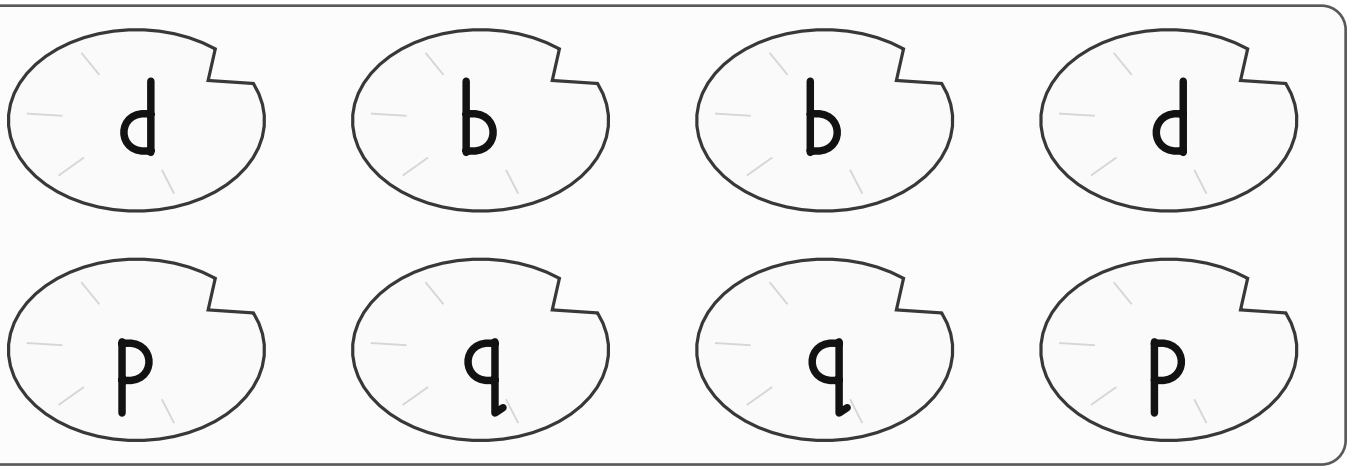

Bibi the Frog hops left or right! Check carefully which side each round belly sits on every lily pad.

Bibi's clue: example b

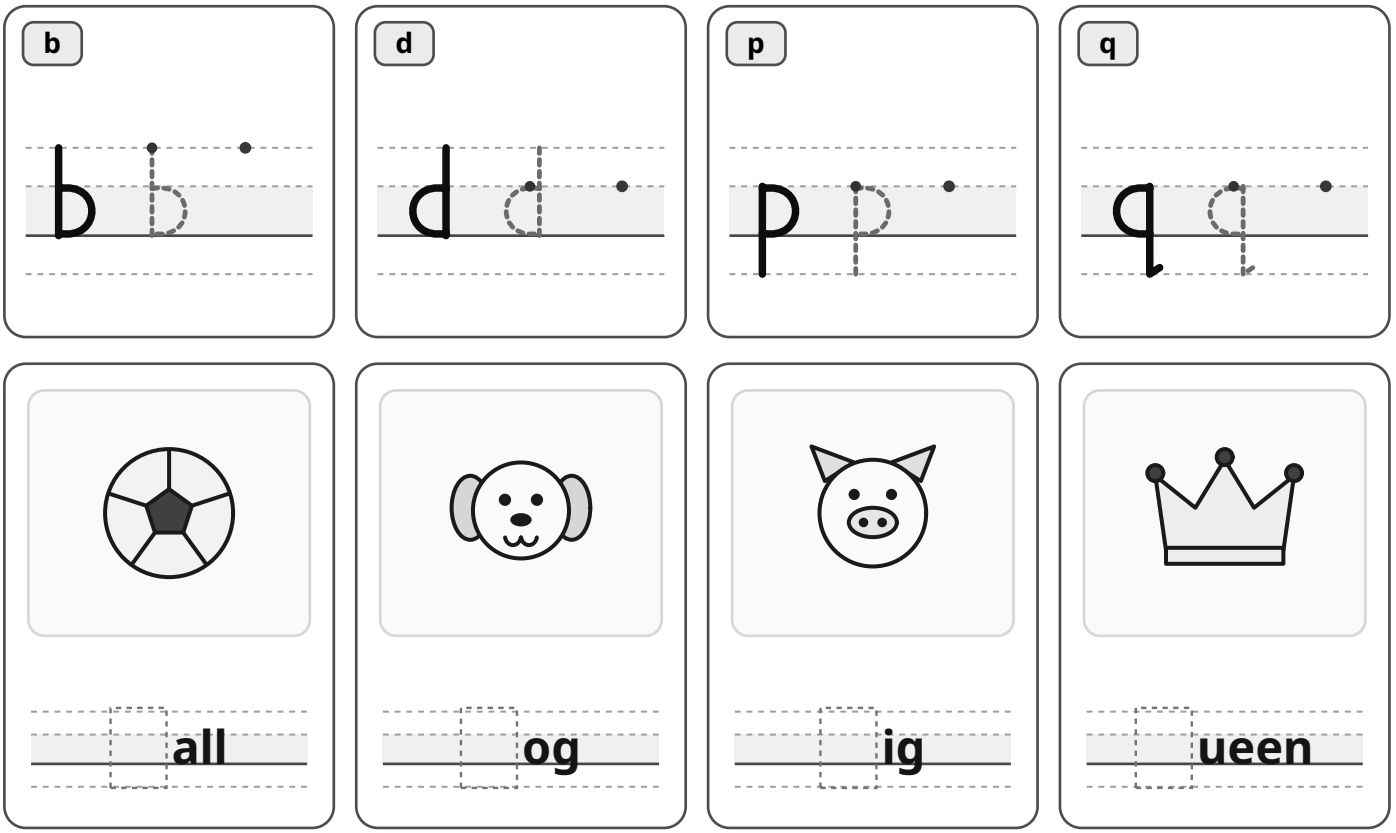

1. Sort the 8 lily pads: circle b or p, box d or q

○ b / p □ d / q

2. Trace & copy b, d, p, q on 3 zones, then finish each word

Bibi's trick: b and p push their round bellies to the right, while d and q tuck their circles on the left.
