Nome : _____ Data : _____

PAPILUMO / 2ª Primaria

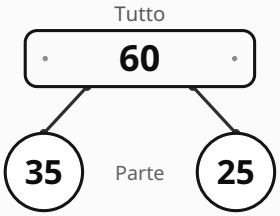

Schemi parte-tutto fino a 100

Completa ogni schema parte-tutto fino a 100 trovando il tutto o la parte mancante, poi completa l'uguaglianza.

Mimo l'orsetto costruttore incastra le sue travi: le due parti in basso si uniscono sempre per formare la barra del tutto!

Esempio guidato con Mimo: trovare il tutto o una parte

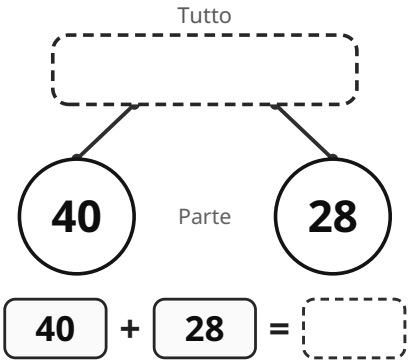

35 + 25 = 60

Tutto = Parte + Parte

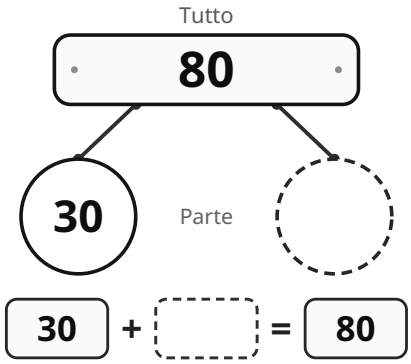

Parte mancante = Tutto − Parte nota

Sei cantieri da completare (trovare 3 tutti e 3 parti mancanti fino a 100)

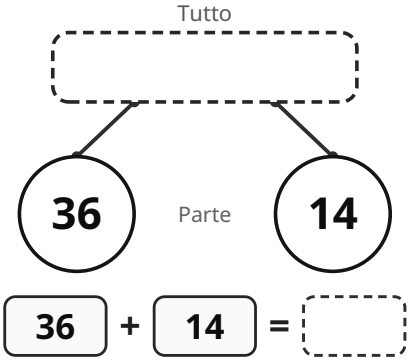

A

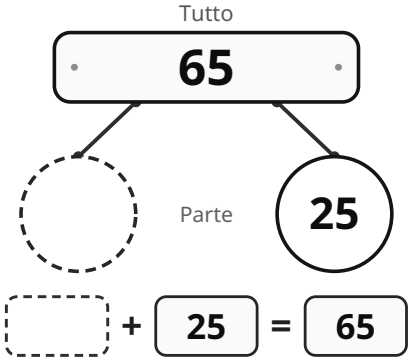

B

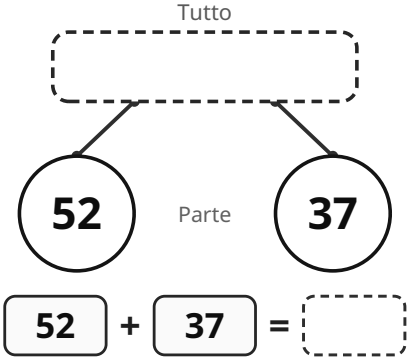

C

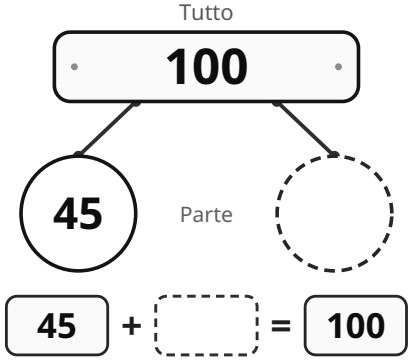

D

E

F

Consiglio: somma le due parti per ottenere il tutto. Per trovare una parte mancante, completa dalla parte nota o sottraila dal tutto.
